SECTION A
DEAR APPLICANT LETTER

REHABILITATION SERVICES ADMINISTRATION (RSA)

Dear Applicant:

The Secretary invites applications under the Vocational Rehabilitation Training Institute for the Preparation of Personnel in American Indian Vocational Rehabilitation Services Projects (AIVRS) (herein referred to as the “Institute”). The Institute is funded through the Capacity Building Program for Traditionally Underserved Populations under section 21(b)(2)(C) of the Rehabilitation Act of 1973, as amended (29 U.S.C. 718(b)(2)(c)) (Rehabilitation Act).

The purpose of this letter is to highlight several important components as you prepare your application. This letter should not be used as a substitute for a thorough review of the Notice of Final Priorities (NFP) and Notice Inviting Applications (NIA), which are published in the Federal Register, and detailed information and instructions contained in this Application Package.

First, the Department will award this grant as a cooperative agreement as authorized by 34 CFR 75.200 (b) (4). It differs from a grant in the sense that in a cooperative agreement substantial involvement is anticipated between the executive agency (in this case the Department of Education), and the recipient during the grant period of performance. Upon award, RSA and the grant recipient will work together to develop this agreement. **When preparing the timeline and deliverables, we envision a six month implementation phase from October 1, 2015 to March 31, 2016 prior to enrollment of the first cohort. The purpose of this phase is for both parties to develop, finalize, and agree upon all relevant materials related to this project.** When preparing the budget and budget narrative, please ensure that there are funds available for key program and fiscal staff to travel to Washington, D.C. for a day and a half meeting in October of 2015.

Second, there are two absolute priorities for this project and both must be addressed in the application. Below is a brief summary of each priority:

- Priority 1 establishes a new Institute for the preparation of personnel in the AIVRS projects. The Institute will provide a structured program of training in VR to current AIVRS project personnel to improve the delivery of VR services to American Indians with disabilities (for more detail, please refer to the NFP in Section C of this application package).

The structured program of training is intended for AIVRS project personnel with limited knowledge or experience in the VR field. We expect the Institute to apply a “grassroots” approach to the design of training modules and delivery of technical assistance. We do not intend for the Institute to replicate former training that may have been developed under the Rehabilitation Long-Term Training Program or other related programs. Instead, we expect the training and technical assistance provided by the Institute to represent a newly developed curriculum. The curriculum must focus on the fundamental basic aspects of VR practice tailored to the unique needs of AIVRS project personnel. Upon successful completion of the training, RSA expects that AIVRS project personnel will be equipped to provide appropriate, effective, and culturally relevant services to

American Indians with disabilities so that they can prepare for, and engage in, gainful employment consistent with their informed choice.

Please note that the NFP (located in Section C of this application) provides more detail about Priority 1 and what applicants must address in the narrative. For example, paragraph (b) of the final priority requires applicants to develop a course syllabus that describes the proposed sequence of topical training. Paragraph (c) of the final priority requires applicants to develop a training module for one of the seven topics described in paragraph (a) (1) through (7) to serve as an example for how participants will be trained in that area.

- Priority 2 requires a partnership between a four-year institution of higher education (IHE) and a two- year community college or tribal college in order to implement the VR training Institute required in Priority 1. For the purposes of this competition, the term “partnership” is defined as two different entities working together. Therefore, we do not support one entity serving dual partner roles. Further, while applicants are not prohibited from including additional partners, they must ensure that the required partners exercise primary involvement in all aspects of the grant throughout the entire grant period of performance.

Applicants must demonstrate, in the narrative portion of their application, that the Institute reflects a collaboration of knowledge, experience, skills, faculty, curricula resources, and technology between a four-year IHE and a two-year community college or tribal college in order to deliver a high-quality structured program of training on foundational VR knowledge and skills in a culturally appropriate manner. We intend for this collaboration to go beyond compartmentalized roles and responsibilities. Therefore, applicants must demonstrate that all required partners are actively contributing to each component of the project. While it may be appropriate for one required partner to be assigned the “lead” for a component of the project, it would not be appropriate for the lead to assume 100 percent responsibility for that component.

Applicants are required to submit a partnership agreement, in addition to the narrative portion of their application. The partnership agreement must be signed by the president and chief financial officer of both parties. In the event that there is a vacancy in either the position of president or chief financial officer, it is our intent to have another person independently verify that the institute is committed to the financial aspects of the partnership. Applicants must include a brief description in the partnership agreement of how the partnership will operate each year during the five-year grant period of performance. Applicants must also summarize in the agreement how information regarding the progress of the grant, as well as any issues and challenges, will be communicated; what steps will be taken to resolve conflicts; the roles, responsibilities, and deliverables of each party; and the arrangements, if any, for supporting the program with resources, that are not paid for by the award. Finally, applicants must provide a brief strategy in the agreement to sustain the partnership and the structured training program after the Federal investment ends.

Third, the Rehabilitation Services Administration (RSA) will conduct one Pre-Application Webinar on Thursday, January 22, 2015, from 2:00 PM to 3:30 PM Eastern Time. To join the webinar (you may enter 60 minutes before the event start time):

The purpose of this webinar is to review the absolute Final Priorities, expectations and goal of the Institute, and the selection criteria. In addition, we will highlight some of the additional requirements and documentation that must be included in the application. Please note that this webinar does not serve as a substitute for reviewing the NFP, NIA, and this Application Package in their entirety.

Fourth, the following are highlights of important requirements that must be adhered to in order to avoid disqualification of your application. Please be sure your application addresses each specification appropriately.

- Continuing the Fourth and Fifth Years of the Project (NIA, part I Funding Description, which can be found in Section D of this Application Package): In deciding whether to continue funding the Institute for the fourth and fifth years, the Department, as part of the review of the Cooperative Agreement, will consider the degree to which the Institute demonstrates—
 - (1) Substantial progress in providing a structured training program focused on the VR process and practices and the unique skills and knowledge necessary to improve employment outcomes for American Indians with disabilities.
 - (2) Substantial progress in improving counseling and VR services in a culturally appropriate manner to American Indians with disabilities so that they can prepare for, and engage in, gainful employment consistent with their informed choice.
 - (3) Effective collaboration between the four-year institution of higher education and the two-year community college or tribal college that demonstrates efficient and effective program and fiduciary operations.
 - (4) A commitment to sustain the collaboration and the structured training program after the federal investment is completed.

When preparing the budget and budget narrative, please ensure that there are funds available for key program and fiscal staff to travel to Washington, D.C. in the spring of 2017 for a one day meeting.

- The maximum funding level contained in the NIA, part II Award Information (see Section D of this Application Package) is strictly enforced. Failure to adhere to this funding level will result in rejection of your application.
- When preparing the budget, please note that project directors who oversee multiple federal grants are prohibited from reporting more than 100 percent of their time overseeing federal projects.
- Application and Submission Information (See NIA, part IV. Application and Submission Information, which can be found in Section D of this Application Package):
 - Part III of the application narrative is where you, the applicant, address the selection criteria used by reviewers in evaluating the application. The applicant must limit Part III to the equivalent of no more than **45 pages**. **If your narrative exceeds 45 pages and/or does not follow the page configurations, including font and spacing specifications, outlined in this letter and in the NIA, your application will be rejected.** The page standards for the narrative are as follows:
 - (1) A “page” is 8.5” x 11” on one-side only with 1” margins at the top, bottom, and both sides.
 - (2) You must double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.
 - (3) Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).
 - (4) Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.
 - **A limit of 15 pages applies to the partnership agreement between the four-year IHE and a two-year community college or tribal college.** The page standards for the partnership agreement are as follows:
 - A “page” is 8.5” x 11” on one-side only with 1” margins at the top, bottom, and both sides.
 - You must double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.
 - Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).

- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.
- **A two-page double-spaced project abstract** (see Section F of this Application Package) that must contain:
 - (1) Name of applicant (institution applying for award, not the individual submitting the application);
 - (2) Overview statement. The abstract is a critical component of the proposal and it must highlight the purpose of the project, proposed number of individuals to be served each year, planned goals and objectives, target population, impact of project, expected outcomes.
 - (3) City and state where the institution is located;
 - (4) The congressional district where the institution is located (number); and
 - (5) The name of the principle project director and the percentage of time the director will manage the project.
- The only optional materials that will be accepted are one-page resumes for those identified as key personnel, not to exceed a total of 5 pages. The resumes do not have any page specifications. RSA will not accept any other materials.

Fifth, applicants should become familiar with the selection criteria contained in Section H of this Application Package. These criteria will be used by peer reviewers to evaluate all applications. Your application should respond to each identified criterion, since failure to do so will put your application at a significant disadvantage. Your narrative should clearly identify and address each of the selection criteria in the order they appear in the application package.

Sixth, reviewers of applications report that a narrative written in a format that follows the Selection Criteria greatly facilitates the review process. Such a format would appear and be titled as follows: (1) Significance of the Project; (2) Quality of the Project Design; (3) Quality of Project Service; (4) Quality of Project Personnel and Adequacy of Resources; and (5) Quality of the Project Evaluation.

The following sections cover Education Department General Administrative Regulations (EDGAR), Application Procedures, and submission of your application to Grants.Gov.

EDGAR

Applicable Regulations: (a) The Education Department General Administrative Regulations (EDGAR) in 34 CFR parts 75, 77, 79, 81, 82, 84, 86 and 99. (b) The Office of Management and Budget Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485. (c) The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended in 2 CFR part

3474. (d) The notice of final priorities for this program, published in the Federal Register on August 14, 2014 (79 FR 47579).

Note: The regulations in 34 CFR part 79 apply to all applicants except federally recognized Indian tribes.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education (IHEs) only.

This grant is subject to the requirements for “Intergovernmental Review of Department of Education Programs and Activities,” found in Executive Order 12372 and in 34 CFR Part 79 of EDGAR.

APPLICATION PROCEDURES

Applicants for multi-year projects are required to provide detailed budget information for each of the five project years. Any application that exceeds in any way the maximum allowed amount for any year will be disqualified. The Department will determine at the time of the initial award, the funding levels for each year of the grant award. RSA requires annual performance reports, and uses those reports to determine progress and to make a decision as to whether or not to continue funding the project. These reports must be submitted to the designated RSA project officer.

GRANTS.GOV APPLICATION SUBMISSION

Applications for grants under this competition must be submitted electronically using Grants.gov. Please read carefully the document that is included in Section I of this application package, which includes helpful tips about submitting electronically using the Grants.gov site. When using the electronic grants process, it is imperative that you do not wait until the last minute to submit your grant. Please note that you must follow the Application Procedures as described in the Federal Register notice announcing this grant competition. Information (including dates and times) about how to submit your application electronically or by mail or hand delivery (if you qualify for an exception to the electronic submission requirement as described in the Federal Register notice for this program) can also be found in Section I of this application package, Application Transmittal Instructions.

Applicants may contact Kristen Rhinehart-Fernandez, the competition manager, who may be reached at (202) 245-6103 or Kristen.Rhinehart@ed.gov to discuss any matters relating to this competition.

Your concern for providing training and technical assistance for AIVRS project personnel who provide services to American Indians with disabilities is appreciated.

Sincerely,

Thomas E. Finch, Ph.D.

Final priorities. Rehabilitation Services Administration--
Capacity Building Program for Traditionally Underserved
Populations--Vocational Rehabilitation Training Institute
for the Preparation of Personnel in American Indian
Vocational Rehabilitation Services Projects

[CFDA Number: 84.315C.]

AGENCY: Office of Special Education and Rehabilitative
Services, Department of Education.

ACTION: Final priorities.

SUMMARY: The Assistant Secretary for Special Education and
Rehabilitative Services announces two priorities under the
Capacity Building Program for Traditionally Underserved
Populations administered by the Rehabilitation Services
Administration (RSA). The Assistant Secretary may use one
or more of these priorities for competitions in fiscal year
(FY) 2014 and later years. Priority 1 establishes a new
vocational rehabilitation (VR) training institute for the
preparation of personnel in American Indian Vocational
Rehabilitation Services (AIVRS) projects (the Institute).
Priority 2 requires a partnership between a four-year

institution of higher education (IHE) and a two-year community college or tribal college. This partnership is designed to successfully implement the VR training Institute established in Priority 1. In addition, the partnership agreement required under Priority 2 provides a brief description of how the partnership will be managed, the partners' roles and responsibilities and a strategy for sustaining the partnership after the Federal investment ends.

EFFECTIVE DATE: August 14, 2014.

SUPPLEMENTARY INFORMATION:

Purpose of Program: The Capacity Building Program for Traditionally Underserved Populations under section 21(b)(2)(C) of the Rehabilitation Act of 1973, as amended (Rehabilitation Act) (29 U.S.C. 718(b)(2)(C)), provides outreach and technical assistance (TA) to minority entities

and American Indian tribes to promote their participation in activities funded under the Rehabilitation Act, including assistance to enhance their capacity to carry out such activities.

Program Authority: 29 U.S.C. 718(b)(2)(C).

We published a notice of proposed priorities for this competition in the Federal Register on June 11, 2014 (79 FR 33486). That notice contained background information and our reasons for proposing the particular priorities.

Public Comment: In response to our invitation for public comment in the notice of proposed priorities, 10 parties submitted comments.

We group major issues according to subject. Generally, we do not address technical and other minor changes. In addition, we do not address comments that raised concerns not directly related to the proposed priorities.

There are differences between the proposed priorities and these final priorities as discussed under Analysis of Comments and Changes. We made several changes to strengthen and clarify the priorities. Specifically, the revised priorities require the Institute to consult with appropriate and relevant entities in developing and providing training and TA to AIVRS projects; ensure that

all materials developed reflect the AIVRS target population and diversity among its communities to the maximum extent possible; provide training through a variety of delivery methods so as not to exclude any participants and to meet the needs of the particular community served to the maximum extent possible; and ensure that training focused on effective communication with business reflects the marketplace of tribal communities. Further, we clarify the Institute's role, the target audience for this project, and the requirements for awarding a VR certificate. Finally, we substantially revise Priority 2 in order to clarify its purpose, requirements, and intended outcomes, and how applicants are to respond to this priority in the application.

Analysis of Comments and Changes: An analysis of the comments and of any changes in the priorities since publication of the notice of proposed priorities follows.

Comment: A number of commenters recognized the work of the Consortia of Administrators for Native American Rehabilitation (CANAR) and its TA project currently funded by RSA, Tribal Vocational Rehabilitation Continuous Improvement for Rehabilitation Counselors, Leaders, and Educators (TVR-Circle). Commenters suggested that, for the Institute to be effective, those already working, or with

significant experience, in the field of tribal VR should be involved in the development of the curriculum for this project as well as in making decisions regarding methods of delivering the curriculum. Commenters suggested that a Native American-led entity with a national focus, such as CANAR, should serve as the lead consultant for the Institute.

Discussion: We agree that CANAR's TVR Circle currently serves as a valuable resource not only in understanding cultural competencies, but also in providing TA, organizational development, and educational training activities that are focused on the needs of AIVRS projects. Priority 1 does not require a lead entity or consultant for this project, other than the Institute. Priority 1 requires the Institute to conduct outreach activities and consult with appropriate and relevant entities in developing and providing training and TA to AIVRS projects.

Changes: We added language to the introductory paragraph of Priority 1 to clarify the role of the Institute, which includes conducting outreach activities and consulting with appropriate and relevant entities in developing and providing training and TA to AIVRS projects.

Comment: Several commenters emphasized the need for greater focus on the inclusion of cultural competencies

within the priorities. Specifically, commenters stated that the Institute must ensure that its products, curriculum, and deliverables reflect the AIVRS target population, especially the diversity among American Indian and Native Alaskan communities. In addition, commenters noted that an understanding of how to deliver VR services within a particular cultural context is a critical component of the AIVRS program.

Discussion: Priority 1 requires the Institute to develop a structured program of training in a culturally appropriate manner. Priority 1 also states that the Institute must provide culturally relevant training that goes beyond technical compliance with the program statute and regulations applicable to the AIVRS program (Section 121 of the Rehabilitation Act, 34 CFR Parts 369 and 371, and EDGAR). However, we believe that this priority should also specify that the products, curriculum, and deliverables must also reflect the AIVRS target population.

Change: We added a sentence to the introductory paragraph of Priority 1 to emphasize the importance of reflecting the AIVRS target population and diversity among its communities in all materials developed by the Institute to the maximum extent possible.

Comment: A commenter requested clarification as to whether the TA mentioned in Priority 1, paragraph (e), which requires the applicant to identify innovative methods and strategies for supporting AIVRS personnel when they have completed their training, and the TA mentioned in Priority 1, paragraph (g), which requires applicants to describe a plan to provide follow-up TA, either virtually or on-site to participants, applies to AIVRS projects seeking TA or only to participants who received training through the Institute.

Discussion: It is important to distinguish between TA to be provided by the Institute and TA currently provided by the TVR Circle. The follow-up TA described in paragraphs (e) and (g) of Priority 1 states that it is for participants who have completed the structured program of training delivered by the Institute. The target audience for this structured program of training is AIVRS project personnel with little or no experience in VR processes and practices. By contrast, the TA provided by the TVR Circle is intended to improve the performance of AIVRS grantees that are determined to be "at risk" by the Department. Because both paragraphs (e) and (g) describe the follow-up as occurring only after successful completion of the

structured program of training, we believe the priority is clear as written.

Change: None.

Comment: Several commenters recommended a diverse model for delivering the structured program of training to meet the needs of the target audience. Some commenters raised a concern that many AIVRS projects are located in rural and remote communities that present challenges to providing in-person training. In addition, commenters stated that, although web-based training is cost effective, it may not be the best option for all projects, as reliable Internet access may not be available in many tribal communities. Commenters suggested different methods of offering training such as on-line, in a traditional classroom setting, or at regional trainings throughout the country as an extension of national conferences. In addition, commenters suggested that grant funds be used to cover the costs of participant travel in order to ensure that AIVRS project funds are used for program services.

Discussion: We agree that training should be offered through a variety of delivery methods so as not to exclude any participants and to meet the needs of the particular community served as much as possible. Priority 1, as proposed, stated that the series of trainings may be

offered in person, through distance learning, or through a combination of the two. In addition, the U.S. Department of Education General Administrative Regulations (EDGAR), and government-wide requirements, including applicable Office of Management and Budget (OMB) cost principles, provides general guidance regarding costs and cost-related issues and requirements related to travel. The cost principles do not preclude grant funds from being used to offset costs associated with travel, such as transportation or lodging. However, we want to stress that travel expenses must be reasonable and should be used to ensure that AIVRS project personnel located in remote areas of the country are able to participate in the Institute.

Change: In order to adequately address that the training should be offered through a variety of delivery methods, we added language in the introductory paragraph in Priority 1 to clarify that training may be offered in a traditional classroom setting, through distance learning, through week-long institutes, at regional trainings throughout the country as an extension of national conferences, and through other delivery methods, as appropriate, to meet the needs of the targeted audience. We also revised Priority 1 to specify that grant funds may be used to provide reasonable financial assistance to offset costs associated

with travel for participants who may be located in remote areas of the country.

Comment: Some commenters asked whether RSA intends for the Institute to award an academic certificate or a non-academic certificate. Commenters indicated that an academic certificate is transferable to an Associate of Arts degree, an undergraduate degree, or a graduate degree, while a non-academic certificate may impart knowledge, skills, and abilities but will not benefit the AIVRS personnel in furthering their academic credentials and professional credibility.

Discussion: Priority 1 does not distinguish between an academic and a non-academic certificate. It is our intent that a VR certificate, academic or non-academic, represent more than successful completion of the program. The VR certificate demonstrates that a participant has received the foundational VR knowledge and skills in the provision of VR services and is able to provide appropriate, effective, and culturally relevant VR services to American Indians with disabilities to prepare for, and engage in, gainful employment consistent with their informed choice. A VR certificate could be used by participants to further their pursuit of a post-secondary degree. For example, an applicant could propose to award college credit to a

participant who meets the requirements and criteria established for a VR certificate, which may then be used by the participant to support an application to a four-year IHE that offers an undergraduate degree in VR counseling. However, it is up to the applicant to determine whether the Institute will award an academic or non-academic certificate. Further, the applicant must establish requirements and criteria for obtaining the VR certificate and define how the certificate may be used by participants, if desired, to pursue an advanced degree.

Change: In order to clarify the purpose of a VR certificate, we added language to the introductory paragraph of Priority 1 to clarify that the Institute may determine whether the VR certificate awarded will be academic or non-academic, the requirements for obtaining such a certificate, and how the certificate may be used by participants who earn it.

Comment: Commenters raised concerns regarding excessively high unemployment and an overall lack of industry in many tribal communities and how those issues may affect the training topic specified in Priority 1 to focus on effective communication with business. Commenters suggested that the content in this topic be expanded to include approaches for developing relationships and working

with entrepreneurs, small businesses, and cooperative businesses that may offer emerging employment opportunities for tribal members with disabilities.

Discussion: We recognize the commenters' concerns related to high unemployment and accept their proposed suggestions for expanding the topic focused on effective communication with business to include working with entrepreneurs, small businesses, and cooperative businesses.

Change: In order to ensure that the training module titled "Effective Communication with Business" is an accurate representation of the marketplace in tribal communities, we expanded the first sentence of Priority 1, paragraph (a)(3), to include all types of businesses, especially entrepreneurs, small businesses, and cooperative businesses that may offer employment opportunities for tribal members with disabilities.

Comment: None.

Discussion: In our own review of the priorities, it became apparent that paragraph (h)(4) of Priority 1 is unclear and that the language in that paragraph does not meaningfully add to the requirements for the priority. Therefore, we are removing this language.

Change: In Priority 1, paragraph (h)(4) is removed.

Therefore, paragraph (h)(5) in Priority 1 is renumbered as paragraph (h)(4).

Comment: A few commenters requested clarification regarding whether Priority 2 is a subset of Priority 1 and whether applicants will be required to meet both priorities.

Discussion: We believe that the Institute, as proposed, must be developed and delivered through collaboration between a four-year IHE and a two-year community college or tribal college. We believe that the priorities, as written, are clear.

Change: None.

Comment: A few commenters requested clarification regarding Priority 2, which, as proposed, requires collaboration between a four-year IHE and a two-year community college or tribal college. Commenters inquired as to whether other partners, in addition to a four-year IHE and a two-year community college or tribal college, could be involved in a collaboration agreement.

Discussion: In Priority 2, as proposed, we require collaboration between a four-year IHE and a two-year community college or tribal college. The collaboration may be expanded to include other relevant partners to support

the goals and expected outcomes of this project, such as a business. However, the collaboration must include, at a minimum, a four-year IHE and a two-year community college or tribal college. We believe that the priority is clear as written.

Change: None.

Comment: None.

Discussion: In our own review of the priorities and the comments we received, it became clear that applicants could benefit from additional details and clarification about our requirements in Priority 2. Therefore, we revised the priority to clarify its purpose, requirements, intended outcomes, and how applicants are to respond to the priority. First, the purpose of Priority 2 is to require a partnership between a four-year IHE and a two-year community college or tribal college to effectively implement the requirements of Priority 1. We believe that community colleges or tribal colleges are uniquely suited to provide the type of customized instruction necessary to meet the requirements of Priority 1. In addition, the involvement of a four-year IHE will improve the instruction by providing access to faculty who possess a breadth of knowledge and experience in the field of VR. Therefore, applicants will respond to Priority 2 by demonstrating, in

the narrative portion of their application, that the Institute reflects a collaboration of knowledge, experience, skills, faculty, curriculum, resources, and technology between a four-year IHE and a two-year community college or tribal college in order to deliver a high-quality structured program of training on foundational VR knowledge and skills in a culturally appropriate manner.

Second, Priority 2, as proposed, was written to require collaboration between a four-year IHE and a two-year community college or tribal college. We replaced the term "collaboration" in the proposed priority with the term "partnership" in the final priority in order to better reflect the type of relationship that we intended between the four-year IHE and the two-year community college or tribal college. In addition, Priority 2, as proposed, was written to require a formal agreement between a four-year IHE and a two-year community or tribal college. We replaced the term "formal agreement" with the term "partnership agreement" in order to better reflect the purpose of the priority. In Priority 2, the partnership agreement is required to be submitted in addition to the narrative portion of the application.

Third, Priority 2, as proposed, would have given the Secretary discretion to require the formal agreement to

include the signatures of the president and chief financial officer from the four-year IHE and the two-year community college or tribal college. However, after review, we concluded that it is essential that the partnership agreement contain the signatures of the president and chief financial officer of both parties, and we make this a mandatory component of the agreement. In addition, we concluded that the remaining four elements of the agreement are also critical to ensuring that the partnership is able to effectively implement the requirements in Priority 1 and meet the goal of the Institute. Therefore, the partnership agreement described in Priority 2 must contain all four components, three of which we revised to clarify and streamline the applications.

Finally, a component in Priority 2, as proposed, required the formal agreement to include in-kind or financial contributions from both parties. However, because there are no matching requirements in this program, we revised this component to make clear that these contributions are not required. Another component in Priority 2, as proposed, required the formal agreement to include a plan to sustain the partnership after the Federal investment ends. We revised this requirement for the partnership agreement in the final priority to require

applicants to provide a brief strategy to sustain the partnership after the Federal investment ends.

Change: Priority 2 is revised to clarify the requirements for the partnership between a four-year IHE and two-year community college or tribal college, including its objective of delivering a high-quality structured program of training on foundational VR knowledge and skills in a culturally appropriate manner. Priority 2 also is revised to require a partnership agreement, which must be signed by the president and chief financial officer of both parties. The required partnership agreement must include a brief description of how the partnership will operate each year during the five-year grant period of performance. The agreement must also describe how information regarding the progress of the grant, as well as any issues and challenges, will be communicated; what steps will be taken to resolve conflicts; the roles, responsibilities, and deliverables of each party; and the arrangements, if any, for supporting the program with resources, that are not paid for by the award; and include a brief strategy to sustain the partnership and the structured training program after the Federal investment ends.

FINAL PRIORITIES:

Priority 1: Vocational Rehabilitation Training Institute
for the Preparation of Personnel in American Indian
Vocational Rehabilitation Services Projects

The Assistant Secretary for Special Education and Rehabilitative Services establishes a priority to support one Institute under section 21(b)(2)(C) of the Rehabilitation Act of 1973, as amended--the Vocational Rehabilitation (VR) Training Institute for the Preparation of Personnel in American Indian Vocational Rehabilitation Services (AIVRS) Projects (the Institute). The Institute will provide a structured program of training in vocational rehabilitation (VR) to current personnel of the AIVRS projects to improve the delivery of VR services to American Indians with disabilities. The Institute will conduct outreach activities and consult with appropriate and relevant entities in developing and providing training and TA to AIVRS projects. All products, curricula, and deliverables developed by the Institute must reflect the AIVRS population and diversity among its communities to the maximum extent possible. The Institute will consist of a series of trainings specifically geared towards building foundational skills that, when satisfactorily completed, will lead to a VR certificate awarded by the Institute. The Institute may determine whether the VR certificate

awarded will be academic or non-academic, the requirements for obtaining such a certificate, and how the certificate may be used by participants who earn it. The series of trainings may be offered in a traditional classroom setting, through distance learning, through week-long institutes, at regional trainings throughout the country as an extension of national conferences, and through other delivery methods, as appropriate, to meet the needs of the targeted audience. In addition, grant funds may be used to provide reasonable financial assistance to offset costs associated with travel for participants who may be located in remote areas of the country. The Institute will conduct an assessment before and after providing training for each participant in order to assess strengths and specific areas for improvement, educational attainment and application of skills, and any issues or challenges to be addressed post-training to ensure improved delivery of VR services to American Indians with disabilities. The Institute will provide follow-up TA to participants to address any issues or challenges that are identified post-training and to ensure that the training they received is applied effectively in their work setting. Finally, the Institute will conduct an evaluation to obtain feedback on the training and follow-up TA and to determine whether this

improvement contributed to increased employment outcomes for American Indians with disabilities.

The Department will award this grant as a cooperative agreement to ensure that there is substantial involvement (i.e., significant communication and collaboration) between RSA and the grantee in carrying out the activities of the program (34 CFR 75.200 (b)(4)).

In coordination with the Department, the Institute must, in a culturally appropriate manner:

(a) Develop a structured program of training on foundational VR knowledge and skills that will lead to AIVRS personnel earning a VR certificate. The training would include, at a minimum: vocational assessment, determination of applicant eligibility, development of an individualized plan for employment (IPE), the acquisition and use of assistive technology, and obtaining and using up-to-date labor market information to understand the local economy and effectively match the skills of AIVRS consumers with the needs of employers. The Institute must provide culturally relevant training that goes beyond technical compliance with the program statute and regulations applicable to the AIVRS program (Section 121 of the Rehabilitation Act, 34 CFR Parts 369 and 371, and EDGAR) and focuses on providing the basic foundational skills

necessary to improve counseling and VR services provided by AIVRS personnel. The training topics must include, at a minimum:

(1) Introduction to VR: an orientation to the field of VR, addressing in general terms the various disabilities a VR counselor is apt to encounter working in an AIVRS project. The training developed by the Institute must teach AIVRS personnel to understand the nature of a significant disability and the complexities a person with such a disability experiences and must teach how various disabilities affect an individual's ability to participate in competitive employment;

(2) Effective communication with AIVRS consumers including: identification of approaches to, techniques for, and relevant examples of developing trust and rapport with individuals with a disability; appropriate conduct when engaging with individuals with a disability; and interacting with members of the tribal council;

(3) Effective communication with business including: identification of approaches to, techniques for, and relevant examples of building and maintaining relationships with all types of businesses, especially entrepreneurs, small businesses, and cooperative businesses that may offer emerging employment opportunities for tribal members with

disabilities. This training topic includes educating potential employers about how reasonable accommodations and assistive technology can be used to support effectively the employment of individuals with disabilities. The Institute must also teach participants how to obtain accurate labor market information on available employment opportunities in their State and local area, and how to identify education, technical requirements, and necessary skill sets for the jobs available;

(4) Conducting a vocational assessment and determining eligibility: how to obtain and evaluate necessary medical and other documentation and the results of assessments that may have been conducted by entities other than the AIVRS project. The Institute must teach AIVRS personnel how to use appropriate assessment tools that assist in determining an individual's eligibility for VR services and in developing an IPE;

(5) Managing caseload: how to manage cases so that information can be retrieved and communicated to the AIVRS consumer in a timely manner. The Institute must teach AIVRS personnel how to create, manage, and appropriately close consumer case files;

(6) Development of an IPE: how to plan and provide VR services that lead to meaningful employment

opportunities that are at appropriate skill levels and consistent with the consumer's abilities, interests, and informed choice; and

(7) Development of job-seeking skills:

identification of approaches to, techniques for, and relevant examples of improving job-seeking skills. This includes resume preparation, practicing interview skills, networking, navigating job sites, targeting job searches, and other effective skills that will lead to job placement for AIVRS consumers.

(b) Develop a course syllabus that describes the proposed sequence of topical training.

(c) Develop a training module for one of the seven topics in paragraph (a) to serve as an example for how participants will be trained in that area.

(d) Develop a recruitment and retention plan that describes how the Institute will conduct outreach activities and recruitment efforts to enroll current AIVRS personnel in the Institute. Current AIVRS staff may nominate themselves or be nominated by the AIVRS project director to participate in the Institute. The plan must also describe how the Institute will provide academic support and counseling for AIVRS personnel to ensure successful completion, as well as steps that will be taken

to provide assistance to AIVRS personnel who are not performing to their fullest potential in the Institute's structured program of training.

(e) Identify innovative methods and strategies for supporting AIVRS personnel when they have completed the training, including a plan for maintaining regular contact with AIVRS personnel upon successful completion of the structured program of training and providing follow-up TA on various situations and settings encountered by AIVRS personnel in working with American Indians with disabilities, as well as TA on effective programmatic and fiscal management of an AIVRS project.

(f) Develop an assessment tool for use by the Institute before and after the training. The assessment must identify the strengths and specific areas in which participants need to improve prior to the beginning of the training. In addition, 90 days after the training is completed, the assessment must evaluate the attainment of skills, demonstrated application of those skill sets, and any issues or challenges for participating AIVRS personnel that may impact improved delivery of VR services to American Indians with disabilities. The Institute must administer the assessment tool and provide a copy to participants. The Institute must also ensure that the

results are reviewed with participating AIVRS personnel and shared with their respective Directors.

(g) Describe a plan to provide follow-up TA, either virtually or on-site, to participants. The purpose is to ensure that the training that AIVRS personnel received is applied effectively in their work settings and addresses any issues or challenges identified as a result of the assessment that is conducted 90 days after the training is completed.

(h) Describe how the Institute will be evaluated. Such a description must include:

(1) How the Institute will determine its impact over a period of time on improving the delivery of VR services to American Indians with disabilities and increasing employment outcomes;

(2) How input from AIVRS project directors will be included in the evaluation;

(3) How feedback from American Indians with disabilities will be included in the evaluation;

(4) How the data and results from the evaluation will be used to make necessary adjustments and improvements to AIVRS projects and training of AIVRS personnel.

Priority 2: Partnership Between a Four-Year Institution of Higher Education and a Two-Year Community College or Tribal College.

Applicants will demonstrate, in the narrative portion of their application, that the Institute reflects a collaboration of knowledge, experience, skills, faculty, curricula resources, and technology between a four-year IHE and a two-year community college or tribal college in order to deliver a high-quality structured program of training on foundational VR knowledge and skills in a culturally appropriate manner.

Applicants are required to submit a partnership agreement, in addition to the narrative portion of their application. The partnership agreement must be signed by the president and chief financial officer of both parties. Applicants must include a brief description in the partnership agreement of how the partnership will operate each year during the five-year grant period of performance. Applicants must also summarize in the agreement how information regarding the progress of the grant, as well as any issues and challenges, will be communicated; what steps will be taken to resolve conflicts; the roles, responsibilities, and deliverables of each party; and the arrangements, if any, for supporting the program with

resources, that are not paid for by the award. Finally, applicants must provide a brief strategy in the agreement to sustain the partnership and the structured training program after the Federal investment ends.

Types of Priorities:

When inviting applications for a competition using one or more priorities, we designate the type of each priority as absolute, competitive preference, or invitational through a notice in the Federal Register. The effect of each type of priority follows:

Absolute priority: Under an absolute priority, we consider only applications that meet the priority (34 CFR 75.105(c) (3)).

Competitive preference priority: Under a competitive preference priority, we give competitive preference to an application by (1) awarding additional points, depending on the extent to which the application meets the priority (34 CFR 75.105(c) (2) (i)); or (2) selecting an application that meets the priority over an application of comparable merit that does not meet the priority (34 CFR 75.105(c) (2) (ii)).

Invitational priority: Under an invitational priority, we are particularly interested in applications that meet the priority. However, we do not give an

application that meets the priority a preference over other applications (34 CFR 75.105(c)(1)).

This notice does not preclude us from proposing additional priorities, requirements, definitions, or selection criteria, subject to meeting applicable rulemaking requirements.

Note: This notice does not solicit applications. In any year in which we choose to use these priorities, we invite applications through a notice in the Federal Register.

Executive Orders 12866 and 13563

Regulatory Impact Analysis

Under Executive Order 12866, the Secretary must determine whether this regulatory action is "significant" and, therefore, subject to the requirements of the Executive order and subject to review by the Office of Management and Budget (OMB). Section 3(f) of Executive Order 12866 defines a "significant regulatory action" as an action likely to result in a rule that may--

(1) Have an annual effect on the economy of \$100 million or more, or adversely affect a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or tribal

governments or communities in a material way (also referred to as an "economically significant" rule);

(2) Create serious inconsistency or otherwise interfere with an action taken or planned by another agency;

(3) Materially alter the budgetary impacts of entitlement grants, user fees, or loan programs or the rights and obligations of recipients thereof; or

(4) Raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles stated in the Executive order.

This final regulatory action is not a significant regulatory action subject to review by OMB under section 3(f) of Executive Order 12866.

We have also reviewed this final regulatory action under Executive Order 13563, which supplements and explicitly reaffirms the principles, structures, and definitions governing regulatory review established in Executive Order 12866. To the extent permitted by law, Executive Order 13563 requires that an agency--

(1) Propose or adopt regulations only upon a reasoned determination that their benefits justify their costs (recognizing that some benefits and costs are difficult to quantify);

(2) Tailor its regulations to impose the least burden on society, consistent with obtaining regulatory objectives and taking into account--among other things and to the extent practicable--the costs of cumulative regulations;

(3) In choosing among alternative regulatory approaches, select those approaches that maximize net benefits (including potential economic, environmental, public health and safety, and other advantages; distributive impacts; and equity);

(4) To the extent feasible, specify performance objectives, rather than the behavior or manner of compliance a regulated entity must adopt; and

(5) Identify and assess available alternatives to direct regulation, including economic incentives--such as user fees or marketable permits--to encourage the desired behavior, or provide information that enables the public to make choices.

Executive Order 13563 also requires an agency "to use the best available techniques to quantify anticipated present and future benefits and costs as accurately as possible." The Office of Information and Regulatory Affairs of OMB has emphasized that these techniques may include "identifying changing future compliance costs that

might result from technological innovation or anticipated behavioral changes.”

We are issuing these final priorities only on a reasoned determination that their benefits justify their costs. In choosing among alternative regulatory approaches, we selected those approaches that maximize net benefits. Based on the analysis that follows, the Department believes that this regulatory action is consistent with the principles in Executive Order 13563.

We also have determined that this final regulatory action does not unduly interfere with State, local, and tribal governments in the exercise of their governmental functions.

In accordance with both Executive orders, the Department has assessed the potential costs and benefits, both quantitative and qualitative, of this regulatory action. The potential costs are those resulting from statutory requirements and those we have determined as necessary for administering the Department’s programs, projects, and activities.

Intergovernmental Review: This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79, unless the applicant is a federally recognized Indian tribe. One of the objectives of the Executive order is to

foster an intergovernmental partnership and a strengthened federalism. The Executive order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

This document provides early notification of our specific plans and actions for this program.

5. Funding Restrictions: We reference regulations outlining funding restrictions in the Applicable Regulations section of this notice.

6. Data Universal Numbering System Number, Taxpayer Identification Number, and System for Award Management: To do business with the Department of Education, you must--

- a. Have a Data Universal Numbering System (DUNS) number and a Taxpayer Identification Number (TIN);
- b. Register both your DUNS number and TIN with the System for Award Management (SAM) (formerly the Central Contractor Registry (CCR)), the Government's primary registrant database;
- c. Provide your DUNS number and TIN on your application; and
- d. Maintain an active SAM registration with current information while your application is under review by the Department and, if you are awarded a grant, during the project period.

You can obtain a DUNS number from Dun and Bradstreet. A DUNS number can be created within one to two business days.

If you are a corporate entity, agency, institution, or organization, you can obtain a TIN from the Internal Revenue Service. If you are an individual, you can obtain a TIN from the Internal Revenue Service or the Social Security Administration. If you need a new TIN, please allow 2-5 weeks for your TIN to become active.

The SAM registration process can take approximately seven business days, but may take upwards of several weeks, depending on the completeness and accuracy of the data entered into the SAM database by an entity. Thus, if you think you

might want to apply for Federal financial assistance under a program administered by the Department, please allow sufficient time to obtain and register your DUNS number and TIN. We strongly recommend that you register early.

Note: Once your SAM registration is active, you will need to allow 24 to 48 hours for the information to be available in Grants.gov and before you can submit an application through Grants.gov.

If you are currently registered with SAM, you may not need to make any changes. However, please make certain that the TIN associated with your DUNS number is correct. Also note that you will need to update your registration annually. This may take three or more business days.

Information about SAM is available at www.SAM.gov. To further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account, we have prepared a SAM.gov Tip Sheet, which you can find at: <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>.

In addition, if you are submitting your application via Grants.gov, you must (1) be designated by your organization as an Authorized Organization Representative (AOR); and (2) register yourself with Grants.gov as an AOR. Details on these steps are outlined at the following Grants.gov Web page: www.grants.gov/web/grants/register.html.

7. Other Submission Requirements: Applications for grants under this competition must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. Electronic Submission of Applications.

Applications for grants under the Capacity Building Program for Traditionally Underserved Populations-- Vocational Rehabilitation Training Institute for the Preparation of Personnel in American Indian Vocational Rehabilitation Services Projects, CFDA number 84.315C, must be submitted electronically using the Governmentwide Grants.gov Apply site at www.Grants.gov. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not email an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding

calculation of the date that is two weeks before the application deadline date is provided later in this section under Exception to Electronic Submission Requirement.

You may access the electronic grant application for the Capacity Building Program for Traditionally Underserved Populations--Vocational Rehabilitation Training Institute for the Preparation of Personnel in American Indian Vocational Rehabilitation Services Projects competition at www.Grants.gov. You must search for the downloadable application package for this competition by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.315, not 84.315C).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.

- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received--that is, date and time stamped by the Grants.gov system--after 4:30:00 p.m.,

Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this competition to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov under News and Events on the Department's G5 system home page at www.G5.gov.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the

electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: the Application for Federal Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information--Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must upload any narrative sections and all other attachments to your application as files in a PDF (Portable Document) read-only, non-modifiable format. Do not upload an interactive or fillable PDF file. If you upload a file type other than a read-only, non-modifiable PDF or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will

retrieve your application from Grants.gov and send a second notification to you by email. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

V. Application Review Information

1. Selection Criteria: The selection criteria for this competition are from 34 CFR 75.210 and are listed in the application package.

2. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant's use of funds, achievement of project

objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary also requires various assurances including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department of Education (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. Special Conditions: Under 2 CFR 3474.10, the Secretary may impose special conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements:

We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multi-year award, you must submit an annual performance report that provides the most current performance and

financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/apply/appforms/appforms.html.

4. Performance Measures: The Government Performance and Results Act of 1993 (GPRA) directs Federal departments and agencies to improve the effectiveness of programs by engaging in strategic planning, setting outcome-related goals for programs, and measuring program results against those goals.

The goal of the Capacity Building Program for Traditionally Underserved Populations--Vocational Rehabilitation Training Institute for the Preparation of Personnel in American Indian Vocational Rehabilitation Services Projects is to improve the knowledge and skills of such personnel so that they can provide appropriate, effective, and culturally relevant VR services to assist American Indians with disabilities prepare for, and engage in, gainful employment consistent with their informed choice.

The cooperative agreement will specify the measures that will be used to assess the grantee's performance against the goals and objectives of the project, including

outcome measures and measures that reflect the quality, relevance, and usefulness of the training and TA products developed by the Institute.

In its annual and final performance report to the Department, the grant recipient will be expected to report the data outlined in the cooperative agreement that is needed to assess its performance, including, at a minimum, the following information related to the performance measures for this project:

- The number of participants enrolled in the Institute;
- The number of participants who successfully completed the series of trainings provided by the Institute; and
- The number of participants who obtained a VR certificate.

The cooperative agreement and annual report will be reviewed by RSA and the grant recipient between the third and fourth quarter of each project period. Adjustments will be made to the project accordingly in order to ensure demonstrated progress towards meeting the goal and outcomes of the project.

5. Continuation Awards: In making a continuation award under 34 CFR 75.253, the Secretary considers, among

other things: whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee's approved application. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

SECTION E
**SECTION 21 OF THE REHABILITATION ACT OF
1973, AS AMENDED**

SECTION 21 OF THE REHABILITATION ACT OF 1973, AS AMENDED TRADITIONALLY UNDERSERVED POPULATIONS

Sec. 21. (a) Findings

With respect to the programs authorized in titles II through VII, the Congress finds as follows:

(1) Racial profile

The racial profile of America is rapidly changing. While the rate of increase for white Americans is 3.2 percent, the rate of increase for racial and ethnic minorities is much higher: 38.6 percent for Latinos, 14.6 percent for African-Americans, and 40.1 percent for Asian-Americans and other ethnic groups. By the year 2000, the Nation will have 260,000,000 people, one of every three of whom will be either African-American, Latino, or Asian-American.

(2) Rate of disability

Ethnic and racial minorities tend to have disabling conditions at a disproportionately high rate. The rate of work-related disability for American Indians is about one and one-half times that of the general population. African-Americans are also one and one-half times more likely to be disabled than whites and twice as likely to be significantly disabled.

(3) Inequitable treatment

Patterns of inequitable treatment of minorities have been documented in all major junctures of the vocational rehabilitation process. As compared to white Americans, a larger percentage of African-American applicants to the vocational rehabilitation system is denied acceptance. Of applicants accepted for service, a larger percentage of African-American cases is closed without being rehabilitated. Minorities are provided less training than their white counterparts. Consistently, less money is spent on minorities than on their white counterparts.

(4) Recruitment

Recruitment efforts within vocational rehabilitation at the level of preservice training, continuing education, and in-service training must focus on bringing larger numbers of minorities into the profession in order to provide appropriate practitioner knowledge, role models, and sufficient manpower to address the clearly changing demography of vocational rehabilitation.

(b) Outreach to Minorities

(1) In general

For each fiscal year, the Commissioner and the Director of the National Institute on Disability and Rehabilitation Research (referred to in this subsection as the "Director") shall reserve 1 percent of the funds appropriated for the fiscal year for programs authorized under titles II, III, VI, and VII to carry out this subsection. The Commissioner and the Director shall use the

reserved funds to carry out 1 or more of the activities described in paragraph (2) through a grant, contract, or cooperative agreement.

(2) Activities

The activities carried out by the Commissioner and the Director shall include 1 or more of the following:

(A) Making awards to minority entities and Indian tribes to carry out activities under the programs authorized under titles II, III, VI, and VII.

(B) Making awards to minority entities and Indian tribes to conduct research, training, technical assistance, or a related activity, to improve services provided under this Act, especially services provided to individuals from minority backgrounds.

(C) Making awards to entities described in paragraph (3) to provide outreach and technical assistance to minority entities and Indian tribes to promote their participation in activities funded under this Act, including assistance to enhance their capacity to carry out such activities.

(3) Eligibility

To be eligible to receive an award under paragraph (2)(C), an entity shall be a State or a public or private nonprofit agency or organization, such as an institution of higher education or an Indian tribe.

(4) Report

In each fiscal year, the Commissioner and the Director shall prepare and submit to Congress a report that describes the activities funded under this subsection for the preceding fiscal year.

(5) Definitions

In this subsection:

(A) Historically black college or university: The term "historically Black college or university" means a part B institution, as defined in section 322(2) of the Higher Education Act of 1965 (20 U.S.C. 1061(2)).

(B) Minority entity: The term "minority entity" means an entity that is a historically Black college or university, a Hispanic-serving institution of higher education, an American Indian tribal college or university, or another institution of higher education whose minority student enrollment is at least 50 percent.

(c) Demonstration In awarding grants, or entering into contracts or cooperative agreements under titles I, II, III, VI, and VII, and section 509, the Commissioner and the Director, in

appropriate cases, shall require applicants to demonstrate how the applicants will address, in whole or in part, the needs of individuals with disabilities from minority backgrounds.

SECTION F

Finally, applicants must provide a brief strategy in the agreement to sustain the partnership and the structured training program after the Federal investment ends.

The partnership agreement contains the following specifications. **A limit of 15 pages applies to the partnership agreement between the four-year IHE and a two-year community college or tribal college.** The page standards for the partnership agreement are as follows:

SECTION I
APPLICATION TRANSMITTAL INSTRUCTIONS

IMPORTANT – PLEASE READ FIRST PRIOR TO SUBMISSION

U.S. Department of Education **Grants.gov Submission Procedures and Tips for Applicants**

To facilitate your use of Grants.gov, this document includes important submission procedures you need to be aware of to ensure your application is received in a timely manner and accepted by the Department of Education.

ATTENTION – Adobe Forms and PDF Files Required

Applications submitted to Grants.gov for the Department of Education will be posted using Adobe forms. Therefore, applicants will need to download the latest version of Adobe reader (at least Adobe Reader 10.1.14). (Please note that in early 2013, Grants.gov discovered an issue with the newest version of Adobe Reader XI but it was subsequently resolved.) Information on computer and operating system compatibility with Adobe and links to download the latest version is available on Grants.gov at this link: [compatibility table](#). We strongly recommend that you review these details on www.Grants.gov before completing and submitting your application. In addition, applicants should submit their application a day or two in advance of the closing date as detailed below. Also, applicants are required to upload their attachments in .pdf format only. (See details below under “Attaching Files – Additional Tips.”) If you have any questions regarding this matter please email the Grants.gov Contact Center at support@grants.gov or call 1-800-518-4726.

- 1) **REGISTER EARLY** – Grants.gov registration involves many steps including registration on SAM (www.sam.gov) which may take approximately one week to complete, but could take upwards of several weeks to complete, depending upon the completeness and accuracy of the data entered into the SAM database by an applicant. You may begin working on your application while completing the registration process, but you cannot submit an application until all of the Registration steps are complete. Please note that once your SAM registration is active, it will take 24-48 hours for the information to be available in Grants.gov, and before you can submit an application through Grants.gov. For detailed information on the Registration Steps, please go to: <http://www.grants.gov/web/grants/register.html> [Note: Your organization will need to update its SAM registration annually (formerly Central Contractor Registry (CCR)).]

Primary information about SAM is available at www.sam.gov. However, to further assist you with obtaining and registering your DUNS number and TIN in SAM or updating your existing SAM account the Department of Education has prepared a SAM.gov Tip Sheet which you can find at: <http://www2.ed.gov/fund/grant/apply/sam-faqs.html>

- 2) **SUBMIT EARLY** – We strongly recommend that you do not wait until the last day to submit your application. Grants.gov will put a date/time stamp on your application and then process it after it is fully uploaded. The time it takes to upload an application will vary depending on a number of factors including the size of the application and the speed of your Internet connection, and the time it takes Grants.gov to process the application will vary as well. If Grants.gov rejects your application (see step three below), you will need to resubmit successfully to Grants.gov before 4:30:00 p.m. Washington, DC time on the deadline date.

Note: To submit successfully, you must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov. This DUNS number is typically the same number used when your organization registered with the SAM (formerly CCR -Central Contractor Registry). If you do not enter the same DUNS number on your application as the DUNS you registered with, Grants.gov will reject your application.

- 3) **VERIFY SUBMISSION IS OK** – You will want to verify that Grants.gov received your application submission on time and that it was validated successfully. To see the date/time your application was received, login to Grants.gov and click on the Track My Application link. For a successful submission, the date/time received should be earlier than 4:30:00 p.m. Washington, DC time, on the deadline date, AND the application status should be: Validated, Received by Agency, or Agency Tracking Number Assigned. Once the Department of Education receives your application from Grants.gov, an Agency Tracking Number (PR/award number) will be assigned to your application and will be available for viewing on Grants.gov’s Track My Application link.

If the date/time received is later than 4:30:00 p.m. Washington, D.C. time, on the deadline date, your application is late. If your application has a status of "Received" it is still awaiting validation by Grants.gov. Once validation is complete, the status will either change to "Validated" or "Rejected with Errors." If the status is "Rejected with Errors," your application has not been received successfully. Some of the reasons Grants.gov may reject an application can be found on the Grants.gov site: <http://www.grants.gov/web/grants/applicants/applicant-faqs.html>. For more detailed information on troubleshooting Adobe errors, you can review the Adobe Reader Error Messages document at <http://www.grants.gov/web/grants/support/technical-support/troubleshooting/encountering-error-messages.html>. If you discover your application is late or has been rejected, please see the instructions below. Note: You will receive a series of confirmations both online and via e-mail about the status of your application. Please do not rely solely on e-mail to confirm whether your application has been received timely and validated successfully.

Submission Problems – What should you do?

If you have problems submitting to Grants.gov before the closing date, please contact Grants.gov Customer Support at 1-800-518-4726 or <http://www.grants.gov/web/grants/about/contact-us.html>, or access the Grants.gov Self-Service web portal at: <https://grants-portal.psc.gov/Welcome.aspx?pt=Grants>

If electronic submission is optional and you have problems that you are unable to resolve before the deadline date and time for electronic applications, please follow the transmittal instructions for hard copy applications in the Federal Register notice and get a hard copy application postmarked by midnight on the deadline date.

If electronic submission is required, you must submit an electronic application before 4:30:00 p.m., unless you follow the procedures in the Federal Register notice and qualify for one of the exceptions to the electronic submission requirement and submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. (See the Federal Register notice for detailed instructions.)

Helpful Hints When Working with Grants.gov

Please note, once you download an application from Grants.gov, you will be working offline and saving data on your computer. Please be sure to note where you are saving the Grants.gov file on your computer. You will need to logon to Grants.gov to upload and submit the application. **You must provide the DUNS number on your application that was used when you registered as an Authorized Organization Representative (AOR) on Grants.gov.**

Please go to <http://www.grants.gov/web/grants/about/contact-us.html> for help with Grants.gov. For additional tips related to submitting grant applications, please refer to the Grants.gov Submit Application FAQs found on the Grants.gov <http://www.grants.gov/web/grants/support/general-support/faqs.html>.

Dial-Up Internet Connections

When using a dial up connection to upload and submit your application, it can take significantly longer than when you are connected to the Internet with a high-speed connection, e.g. cable modem/DSL/T1. While times will vary depending upon the size of your application, it can take a few minutes to a few hours to complete your grant submission using a dial up connection. **If you do not have access to a high-speed connection and electronic submission is required, you may want to consider following the instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

MAC Users

For MAC compatibility information, review the Operating System Platform Compatibility Table at the following Grants.gov link: <http://www.grants.gov/web/grants/support/technical-support/recommended-software.html>. **If electronic submission is required and you are concerned about your ability to submit electronically as a non-windows user, please follow instructions in the Federal Register notice to obtain an exception to the electronic submission requirement no later than two weeks before the application deadline date.** (See the Federal Register notice for detailed instructions.)

Attaching Files – Additional Tips

Please note the following tips related to attaching files to your application, especially the requirement that applicants **only include read-only, non-modifiable .PDF files** in their application:

1. Ensure that you attach **.PDF files only** for any attachments to your application, and they must be in a **read-only, non-modifiable format**. PDF files are the only Education approved file type accepted as detailed in the Federal Register application notice. Applicants must submit individual .PDF files only when attaching files to their application. Specifically, the Department will not accept any attachments that contain files within a file, such as PDF Portfolio files, or an interactive or fillable .PDF file. Any attachments uploaded that are not .PDF files or are password protected files will not be read. If you need assistance converting your files to a .pdf format, please refer to the following Grants.gov webpage with links to conversion programs under the heading of additional resources:
<http://www.grants.gov/web/grants/support/technical-support/software/pdf-conversion-software.html>
2. Grants.gov cannot process an application that includes two or more files that have the same name within a grant submission. Therefore, each file uploaded to your application package should have a unique file name.
3. When attaching files, applicants should follow the guidelines established by Grants.gov on the size and content of file names. Uploaded files must be less than 50 characters, contain no spaces, no special characters (example: -, &, *, %, /, #, \) including periods (.), blank spaces and accent marks. Applications submitted that do not comply with the Grants.gov guidelines will be rejected at Grants.gov and not forwarded to the Department.
4. Applicants should limit the size of their file attachments. Documents submitted that contain graphics and/or scanned material often greatly increase the size of the file attachments and can result in difficulties opening the files. For reference, the average discretionary grant application package totals 1 to 2 MB. Therefore, you may want to check the total size of your package before submission.

DEFINITIONS FOR DEPARTMENT OF EDUCATION

SUPPLEMENTAL INFORMATION FOR SF 424

(Attachment to Instructions for Supplemental Information for SF 424)

DEFINITIONS

Novice Applicant (See 34 CFR 75.225).

For discretionary grant programs under which the Secretary gives special consideration to novice applications, a novice applicant means any applicant for a grant from ED that—

- Has never received a grant or subgrant under the program from which it seeks funding;
- Has never been a member of a group application, submitted in accordance with 34 CFR 75.127-75.129, that received a grant under the program from which it seeks funding; and
- Has not had an active discretionary grant from the Federal government in the five years before the deadline date for applications under the program. For the purposes of this requirement, a grant is active until the end of the grant's project or funding period, including any extensions of those periods that extend the grantee's authority to obligate funds.

In the case of a group application submitted in accordance with 34 CFR 75.127-75.129, a group includes only parties that meet the requirements listed above.

PROTECTION OF HUMAN SUBJECTS IN RESEARCH

I. DEFINITIONS AND EXEMPTIONS

A. Definitions.

A research activity involves human subjects if the activity is research, as defined in the Department's regulations, and the research activity will involve use of human subjects, as defined in the regulations.

—Research

The ED Regulations for the Protection of Human Subjects, Title 34, Code of Federal Regulations, Part 97, define research as “a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalizable knowledge.” *If an activity follows a deliberate plan whose purpose is to develop or contribute to generalizable*

knowledge it is research. Activities which meet this definition constitute research whether or not they are conducted or supported under a program that is considered research for other purposes. For example, some demonstration and service programs may include research activities.

—Human Subject

The regulations define human subject as “a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information.”

(1) If an activity involves obtaining information about a living person by manipulating that person or that person's environment, as might occur when a new instructional technique is tested, or by communicating or interacting with the individual, as occurs with surveys and interviews, the definition of human subject is met.

(2) If an activity involves obtaining private information about a living person in such a way that the information can be linked to that individual (the identity of the subject is or may be readily determined by the investigator or associated with the information), the definition of human subject is met. [Private information includes information about behavior that occurs in a context in which an individual can reasonably expect that no observation or recording is taking place, and information which has been provided for specific purposes by an individual and which the individual can reasonably expect will not be made public (for example, a school health record).]

B. Exemptions.

Research activities in which the **only** involvement of human subjects will be in one or more of the following six categories of **exemptions** are not covered by the regulations:

- (1) Research conducted in established or commonly accepted educational settings, involving normal educational practices, such as (a) research on regular and special education instructional strategies, or (b) research on the effectiveness of or

the comparison among instructional techniques, curricula, or classroom management methods.

- (2) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior, unless: (a) information obtained is recorded in such a manner that human subjects can be identified, directly or through identifiers linked to the subjects; and (b) any disclosure of the human subjects' responses outside the research could reasonably place the subjects at risk of criminal or civil liability or be damaging to the subjects' financial standing, employability, or reputation. ***If the subjects are children, exemption 2 applies only to research involving educational tests and observations of public behavior when the investigator(s) do not participate in the activities being observed. Exemption 2 does not apply if children are surveyed or interviewed or if the research involves observation of public behavior and the investigator(s) participate in the activities being observed.*** [Children are defined as persons who have not attained the legal age for consent to treatments or procedures involved in the research, under the applicable law or jurisdiction in which the research will be conducted.]
- (3) Research involving the use of educational tests (cognitive, diagnostic, aptitude, achievement), survey procedures, interview procedures or observation of public behavior that is not exempt under section (2) above, if the human subjects are elected or appointed public officials or candidates for public office; or federal statute(s) require(s) without exception that the confidentiality of the personally identifiable information will be maintained throughout the research and thereafter.
- (4) Research involving the collection or study of existing data, documents, records, pathological specimens, or diagnostic specimens, if these sources are publicly available or if the information is recorded by the investigator in a manner that subjects cannot be identified, directly or through identifiers linked to the subjects.
- (5) Research and demonstration projects which are conducted by or subject to the approval of department or agency heads, and which are designed to study, evaluate, or otherwise examine: (a) public benefit or service programs; (b) procedures for obtaining benefits or services under those programs; (c) possible changes in or alternatives to those programs or procedures; or (d)

possible changes in methods or levels of payment for benefits or services under those programs.

- (6) Taste and food quality evaluation and consumer acceptance studies, (a) if wholesome foods without additives are consumed or (b) if a food is consumed that contains a food ingredient at or below the level and for a use found to be safe, or agricultural chemical or environmental contaminant at or below the level found to be safe, by the Food and Drug Administration or approved by the Environmental Protection Agency or the Food Safety and Inspection Service of the U.S. Department of Agriculture.

II. Instructions for Exempt and Nonexempt Human Subjects Research Narratives

If the applicant marked "Yes" for Item 3 of Department of Education Supplemental Information for SF 424, the applicant must provide a human subjects "exempt research" or "nonexempt research" narrative. Insert the narrative(s) in the space provided. If you have multiple projects and need to provide more than one narrative, be sure to label each set of responses as to the project they address.

(6) **Importance of the Knowledge to be Gained:**

Applicants must be sure to address both absolute Final Priorities in the narrative.

Final Priority 1 establishes a new vocational rehabilitation (VR) training Institute for the preparation of personnel in the American Indian Vocational Rehabilitation Services (AIVRS) projects. NOTICE TO ALL APPLICANTS

The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Public Law (P.L.) 103-382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new grant awards under this program.

ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM.

(If this program is a State-formula grant program, a State needs to provide this description only for projects or activities that it carries out with funds reserved for State-level uses. In addition, local school districts or other eligible applicants that apply to the State for funding need to provide this description in their applications to the State for funding. The State would be responsible for ensuring that the school district or other local entity has submitted a sufficient section 427 statement as described below.)

What Does This Provision Require?

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs. This provision allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation: gender, race, national origin, color, disability, or age. Based on local circumstances, you should determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation in, the Federally-funded project or activity. The description in your application of steps to be taken to overcome these barriers need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirement of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

- (1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.
- (2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.
- (3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

ESTIMATED BURDEN STATEMENT FOR GEPA REQUIREMENTS

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. Public reporting burden for this collection of information is estimated to average 1.5 hours per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. The obligation to respond to this collection is required to obtain or retain benefit (Public Law 103-382). Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Education, 400 Maryland Ave., SW, Washington, DC 20210-4537 or email ICDocketMgr@ed.gov and reference the OMB Control Number 1894-0005.

PROGRAM PERFORMANCE MEASURES UNDER THE GOVERNMENT PERFORMANCE AND RESULTS ACT (GPRA)

WHAT IS GPRA?

The Government Performance and Results Act of 1993 is a straightforward statute that requires all Federal agencies to manage their activities with attention to the consequences of those activities. Each agency is to clearly state what it intends to accomplish, identify the resources required, and periodically report its progress to the Congress. In doing so, it is expected that GPRA will contribute to improvements in accountability for the expenditures of public funds, improve Congressional decision-making through more objective information on the effectiveness of Federal programs, and promote a new government focus on results, service delivery, and customer satisfaction.

WHAT ARE THE GPRA MEASURES FOR THE VOCATIONAL REHABILITATION TRAINING INSTITUTE FOR THE PREPARATION OF PERSONNEL IN AMERICAN INDIAN VOCATIONAL REHABILITATION SERVICES PROJECTS

The Government Performance and Results Act of 1993 (GPRA) directs Federal departments and agencies to improve the effectiveness of programs by engaging in strategic planning, setting outcome-related goals for programs, and measuring program results against those goals.

The Government Performance and Results Act of 1993 (GPRA) directs Federal departments and agencies to improve the effectiveness of programs by engaging in strategic planning, setting outcome-related goals for programs, and measuring program results against those goals. The required annual report must include information on two measures: (a) Demonstrated progress towards the number of participants who successfully completed a structured program of training provided by the Institute and (b) Demonstrated progress towards the number of participants who, after obtaining a VR certificate, enrolled in an advanced degree program. The cooperative agreement and annual report will be reviewed by RSA and the grant recipient between the third and fourth quarter of each project period. Adjustments will be made to the project accordingly in order to ensure demonstrated progress towards meeting the goal and outcomes of the project.

Other information, as requested by RSA, may be required from grantees in order to verify substantial progress and successfully report the effectiveness of the program to Congress and key stakeholders. Grantees are strongly encouraged to seek technical guidance as needed from RSA staff to ensure that they are meeting the objectives, goals, targets, and projected outcomes specified in their approved application.

Continuation Awards: In making a continuation award, the Secretary may consider, under 34 CFR 75.253, the extent to which a grantee has made "substantial progress toward meeting the objectives in its approved application." This consideration includes the review of a grantee's progress in meeting the targets and projected outcomes in its approved application, and whether the grantee has expended funds in a manner that is consistent with its approved application and budget. In making a continuation grant, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

INTERGOVERNMENTAL REVIEW OF FEDERAL PROGRAMS

EXECUTIVE ORDER 12372

(INTERGOVERNMENTAL REVIEW OF FEDERAL PROGRAMS)

This program falls under the rubric of Executive Order 12372 (Intergovernmental Review of Federal Programs) and the regulations in 34 CFR Part 79. One of the objectives of the Executive order is to strengthen federalism--or the distribution of responsibility between localities, States, and the Federal government--by fostering intergovernmental partnerships. This idea includes supporting processes that State or local governments have devised for coordinating and reviewing proposed Federal financial grant applications.

The process for doing this requires grant applicants to contact State Single Points of Contact for information on how this works. Multi-state applicants should follow procedures specific to each state.

Further information about the State Single Point of Contact process and a list of names by State can be found at:

http://www.whitehouse.gov/omb/grants_spoc

Absent specific State review programs, applicants may submit comments directly to the Department. All recommendations and comments must be mailed or hand-delivered by the date indicated in the actual application notice to the following address: The Secretary, EO 12372--CFDA# [commenter must insert number--including suffix letter, if any], U.S. Department of Education, room 7E200. 400 Maryland Avenue, SW., Washington, DC 20202.

Proof of mailing will be determined on the same basis as applications (see 34 CFR §75.102). Recommendations or comments may be hand-delivered until 4:30 p.m. (Eastern Time) on the closing date indicated in this notice.

Important note: The above address is not the same address as the one to which the applicant submits its completed applications. **Do not send applications to the above address.**

PROGRAM APPLICATION INDIRECT COST INSTRUCTIONS

The Department of Education (ED) reimburses grantees for its portion of indirect costs that a grantee incurs in projects funded by the Capacity Building Program for Traditionally Underserved Populations--Vocational Rehabilitation Training Institute for the Preparation of Personnel in American Indian Vocational Rehabilitation Services Projects , CFDA 84.315C. Any grantee charging indirect costs to a grant from this program must use the indirect cost rate (ICR), negotiated with its *cognizant agency*, i.e., either the Federal agency from which it has received the most direct funding, subject to indirect cost support, the particular agency specifically assigned cognizance by the Office of Management and Budget or the State agency that provides the most subgrant funds to the grantee.

Note: Applicants should pay special attention to specific questions on the application budget form (ED 524) about their cognizant agency and the ICR they are using in their budget. If an applicant selected for funding under this program has not already established a current ICR with its cognizant agency as a result of current or previous funding, ED will require it to do so within 90 days after the date the grant was issued by ED. Applicants should be aware that ED is very often **not** the cognizant agency for its own grantees. Rather, ED accepts, for the purpose of funding its awards, the current ICR established by the appropriate cognizant agency.

An applicant that has not previously established an indirect cost rate with the Federal government or a State agency under a Federal program and that is selected for funding will not be allowed to charge its grant for indirect costs until it has negotiated a current indirect cost rate agreement with its cognizant agency.

Applicants are encouraged to use their accountant (or CPA) to calculate an indirect cost rate using information in the IRS Form 990, audited financial statements, actual cost data or a *cost policy statement* that such applicants are urged to prepare (but NOT submit to ED) during the application process.

Applicants should use this proposed rate in their application materials and indicate which of the above methods was used to calculate the rate. Guidance for creating a cost policy statement can be obtained by sending an e-mail to IndirectCostGroup@ed.gov.

Applicants with questions about using indirect cost rates under this program should contact the competition manager shown elsewhere in this application package.

COMMON QUESTIONS AND ANSWERS

Q. What happens to my application after it is received in the Department?

- A. The Department's Application Control Center receives each application, assigns each an identifying number (PR/Award number), confirms receipt of applications, and sends the applications to the appropriate program office, which screens them for eligibility. The program conducts a peer review of all eligible applications sent to a program competition, ranks them and recommends the highest ranked applications for funding with exceptions as provided by law. The responsible official for the applicable program reviews the program office's recommendations, checks the adequacy of the documentation supporting the recommendations, and approves a final list, or slate, of recommended projects and funding amounts. RSA program staff discusses the recommendations with the successful applicants and award the grants.

Q. What happens to my application if the Department finds it to be ineligible?

- A. The Department immediately returns an application that does not meet the eligibility criteria for the particular program. A letter from the Department explaining why it is not being reviewed in the competition accompanies the application.

Q. How does the Department review an application?

- A. Each application is assessed by knowledgeable persons from outside and sometimes inside the Department who are asked for their judgment about the quality and significance of the proposed project. These people represent a diversity of disciplines and institutional, regional, and cultural backgrounds. The advice of these experts is compiled by Departmental staff members who comment on matters of fact or on significant issues that would otherwise be missing from the review. The results are then presented to the official responsible for the program who approves the recommendations for funding.

Q. What criteria do the reviewers use when scoring an application?

- A. Reviewers score each application using the selection criteria published in the *Federal Register* as part of the program regulations, which are given in Section E of this application package. Reviewers are instructed to use only the published criteria.

Q. Is a recommended application guaranteed funding?

- A. No. Funding is not final until discussions have been successfully concluded and a grant award notification has been signed by the grants office and mailed to the applicant.

Q. How do the invitational, competitive and absolute priorities differ?

A. Invitational Priority

The Secretary may simply invite applicants to meet a priority. However, an application that addresses invitational priorities receives no competitive or absolute preference over applications that do not meet this priority.

Competitive Priority

If a program uses weighted selection criteria, the Secretary may award selection points to an application that meets the priority. These points are in addition to any points the

application earns under the selection criteria. The notice states the maximum number of additional points that the Secretary may award to applications that meet the priority in a particularly effective way. Or the Secretary may simply select applications that meet the competitive priority over applications of comparable merit that do not meet the priority.

Absolute Priority

Under an absolute priority, the Secretary may select for funding only those applications that meet the priority.

Q. Can changes in the size of subsequent year awards be made after the multi-year budget has been negotiated?

- A. Yes, a grantee can renegotiate his or her multi-year budget and may be awarded additional funds if sufficient justification is presented to the Secretary and funds are available. Also, funds can be decreased if it is determined that the multi-year budget was overestimated.

Q. How will funding continuation decisions be made?

- A. Grantees will be required to complete annual performance reports that describe the projects' accomplishments, evaluations and finances. These performance reports, along with other information, will be used by the Department to decide whether to continue funding projects.

DUNS NUMBER INSTRUCTIONS

Note: Check with your fiscal office to see if your institution has an assigned DUNS before contacting Dun & Bradstreet

D-U-N-S No.: Please provide the applicant's D-U-N-S Number. You can obtain your D-U-N-S Number at no charge by calling **1-800-234-3867** or by completing a D-U-N-S Number Request Form. The form can be obtained via the Internet at the following URL:

http://www.dnb.com/US/duns_update/index.html

The D-U-N-S Number is a unique nine-digit number that does not convey any information about the recipient. A built in check digit helps assure the accuracy of the D-U-N-S Number. The ninth digit of each number is the check digit, which is mathematically related to the other digits. It lets computer systems determine if a D-U-N-S Number has been entered correctly.

Dun & Bradstreet, a global information services provider, has assigned D-U-N-S numbers to over 43 million companies worldwide. **Live help Monday-Friday 8am-6pm (EST) Dial 1.800.234.3867**

Note: Electronic submission via Grants.gov must use DUNS number your organization used when it registered in the Central Contractor Registry.
